

TEACUP

This class is exclusive to breeds that are (or will be) 15 pounds and smaller. We have found that sometimes the toy breeds are intimidated with rambunctious larger dogs and find it hard to concentrate in a class, so we now have a class just for this really cute group. The dogs will learn basic obedience commands, socialization, and manners. This class helps develop a happy, thinking dog who enjoys learning, working with people and is fun to be around.
